KEY PROJECTS

ERGONOMICS · SEATING

Gaming Chair Line — Bosq Ergonomics

Market gap for budget friendly mobile gaming seating in India. Researched posture and use patterns, designed a cost conscious chair family around Rs 15,000, validated comfort and structure with foam and 3D printed prototypes.

MODULAR · FURNITURE · DFM

Dismantlable Office Pod

Panel board structure with hexagonal paper core and full joinery system. Designed for complete knockdown and reassembly, balancing acoustics, structure and sustainable material use.

PACKAGING · CMF · EXPERIENCE

Premium Sneaker Packaging

Beetle wing inspired unfolding reveal that slows the open and builds anticipation. Directed CMF, tactility and staged disclosure to turn unboxing into a premium ritual.
